Microfibre Doormat

Washable doormat with super absorbency and microfibre technology

Multi-action entrance mat with hygienic microfibre technology.

- Flexible, ultra-fine fibres (finer than a human hair) provide deep-cleaning action on passing footwear.
- Friction from the fibres generates a static charge that attracts and traps dust/debris.
- Effectively penetrates those hard to reach treads on footwear and wheeled trollies.
- Superior 'brushing and wiping' with 'rapid dry' properties that outperform cotton.
- Luxuriously soft pile that keeps entrances looking smart, stylish and free from lint.
- Environmentally-friendly – does not require chemical pre-treatment or washing detergents.
- Material: Microfibre
- Product Height: 8mm

Coir

Classic dirt-scraping entrance mat made from coconut husks

Natural doormat made from coconut husk fibres. • Hardwearing and absorbent, coir fibres are renowned for their dirt-scraping properties. • Suitable for indoor use. Can be used on floor surfaces or installed into matwells. • Heavy-duty, anti-slip vinyl backing for minimum movement. • Can be printed on to create logomats. • Coir is a natural product and may contain minor variations and irregularities that are characteristic of the husk fibres. Surface printing of logos onto the coir will naturally fade and shedding may occur. Material: Natural coir fibre • Product Height: 17mm or 23mm

Cleaning Entrance Matting

Did you know it can cost over **R9 000** to remove **1kg** of dirt once inside a commercial building? As it's possible for 1 person to walk in 58 grams of dirt per day, **1000 people** in **20 days** would generate **11kg** – or almost **R110 000** in potential monthly cleaning costs.

A slip or trip due to walked in dirt or liquid could even lead to serious injuries or legal action and compensation claims.

Fortunately effective Entrance Matting can reduce walked in dirt by up to **90%**!

Once you have the right entrance matting in place, a well planned strategy for regular mat cleaning and maintenance is essential for optimum performance, product lifespan and return on investment.

THE FLOORCODE ZIMBABWE DIFFERENCE

FLOORCODE ZIMBABWE High Performance Flooring delivers unique, sustainable flooring solutions to help your facilities maintain the highest level of performance from the ground up. Our extensive portfolio of flooring, structural steel and passive fire protection coatings for high-value infrastructure helps customers protect lives, enhance safety, safeguard assets and create a lasting aesthetic legacy. From sports arenas to convention centers, airports and healthcare facilities, Sherwin-Williams brings exceptional industry, product and technical expertise to ensure successful project outcomes.
